“CHRIST TO COSMOS MINISTRY”

Operational Policy # 2

Expectations of C2C Workers on Support

We as the C2C Ministry team seek to build partnerships with C2C Workers that we have been led to support.

We endeavour to support those on the field wherever and however possible as they share Christ in our world.

As partners we expect...

- Monthly Prayer and Praise points (a minimum requirement)
- Regular Newsletters updating ministry progress etc
- A willingness to communicate openly with Lifestreams Christian Church with regard to...
 - Prayer needs
 - Financial status** and needs
 - Ministry directions / changes
 - Furlough /Sabbatical dates (as early as possible)
- C2C Workers ministering outside the Perth area to touch base with the C2C Leadership Team during Home Assignment so as to debrief and update the Church where appropriate. C2C Workers in local ministries are to have regular contact with the C2C Leadership and give updates on their ministries as needed.
- C2C Workers to be subject to appropriate discipline from both the C2C Leadership Team and from their individual Mission Organisations.

***Open accountability of financial status includes completing the “C2C Financial Questionnaire” and updating the C2C Ministry Team as changes occur.*

Pastoral Support for C2C Workers

Our goal is to provide effective care and support for our C2C workers not only when they are working on the field, but also when they return home.

In view of that and after a debrief meeting with the C2C Ministry Team, C2C Workers may be offered up to two (2) free counselling sessions with Lifestreams Counselling Services. If further sessions are required the C2C Ministry Team will negotiate an appropriate fee structure for these sessions.
