

“CHRIST TO COSMOS MINISTRY”

Operational Policy # 3

Prospective C2C Workers (Students)

The C2C Team believes that training can play an important role in equipping individuals for effective service on the mission field. We believe that students should prayerfully seek the Lord's provision through faith during their studies.

In an effort to promote the Vision & Mission of Lifestreams Christian Church & C2C, a maximum of Two Annual Encouragement Scholarships of up to \$1000 each will be made available to ANY student studying a missional course. The following is a guide for prospective students:

For those taking Australian Bible college courses

- Applications will be called for each January and will be awarded on a needs basis.
- Scholarship recipients are eligible to apply annually during their studies.
- Payment of scholarships will be made according to Austudy rules in consultation with the recipient.

For those taking mission-related courses overseas

- Consideration will be given to individuals with a heart for Christ's mission.
- Initiative will be taken by the C2C team in approaching the individual and enquiring about their financial position in relation to their course.
